Subject: Mitigation Regarding Archeological and Historical Sites

Haimanot,

Please see the table below. It revises and supersedes the table submitted September 5, 2012. The table summarizes Powertech's response to your August 30, 2012 email concerning confirmation of how Powertech proposes to protect certain identified sites. It was revised after additional investigation and discussion with you.

Site	Proposed Action
39CU3592	Fence
39CU3619 (Str. CU02500002)	Fence
39CU271	Avoid
39FA1941	Avoid/Mitigate as necessary
39CU2000/39FA2000 (RR)	Avoid
39FA778	Evaluate/Mitigate as necessary
39CU3624	Avoid
39FA1920	Fence

The request for information relating to potential utility transmission lines was addressed separately. A map of the potential utility corridors was transmitted to you on September 10, 2012.
