Re: **REQUEST TO WITHDRAW PRIOR SUBMISSION FROM NRC CONSIDERATION
SEPTEMBER 5, 2012 RESPONSE TO CONFIRMATORY ACTION LETTER**
Willow Creek ISR Project - NRC License Number SUA-1341

Dear Mr. Collins:

On September 5, 2012, Uranium One USA, Inc. ("Uranium One") provided the U.S. Nuclear Regulatory Commission (the "NRC") with information responsive to inquiries made by the NRC in its July 5, 2012 Confirmatory Action Letter regarding the pressurized drum of yellowcake incident that occurred at a uranium refinery operated by Cameco in Blind River, Ontario (the "September 5th Response"). Pursuant to 10 C.F.R. § 2.390(c)(3), Uranium One requests that its September 5th Response, together with all attachments and enclosures included therewith, be withdrawn from NRC consideration and returned to Uranium One. In lieu of the September 5th Response, Uranium One is submitting with this letter a separate Response to Confirmatory Action Letter replacing the September 5th Response and containing information responsive to the NRC's July 5, 2012 Confirmatory Action Letter.

If you have any questions about our request for withdrawal of the September 5th Response, please contact me at (307) 234-8235, ext. 333 or donna.wichers@uranium1.com.

Sincerely,

Donna Wichers
President
