To whom it may concern:

Please amend our radioactive material license number 40-19823-01 docket number 030-19823-01 to remove 35.300 authorizations. This would remove license conditions 6.C., 7.C, 8.C, and 9.C from our license.

If you have any questions or need additional information please contact Traci Hollingshead, our Radiation Safety Officer at 605-310-0916.

Sincerely,

Jason Merkley
President and CEO
