Steve and Cliff,

Thanks for your words. I appreciate it. It was a great experience to be the main point of contact of the NRC DLR staff through 1 year and facilitate the communications between our staff and yours. I certainly believe we cover a lot of issues that in the end helped both ends and most importantly will help the NRC mission to protect the health and safety of the public and the environment. It was very challenging for both ends, I appreciate the professionalism and the effort you and your staff put to respond to the staff concerns and the willingness to respond asap to meet the schedule.

I'm sure Brian will do a great work moving forward and you'll keep supporting him.

Regards,

Samuel Cuadrado de Jesús

Sam..... thank you for your strong support and oversight of the Davis-Besse License Renewal Application review process. Your willingness to coordinate discussions on the issues helped us better understand the NRC concerns and provide better responses to requests for additional information. Your timeliness in responding to our questions and requests aided in a more efficient review process for both parties.

I wish you well with your assignment to Callaway.
