Re: **License No. 21-00021-29**
Request for Amendment

I am requesting the following amendment to License No. 21-00021-29:
Change the chair of the Radiation Safety Committee from Karen Friderici to David Morrissey.

- Dr. Morrissey is a University Distinguished Professor at Michigan State University, (2005-present) and Associate Director of the National Superconducting Cyclotron Laboratory(1995-1999, and 2009-2012).
- He has served on the Radiation Safety Committee for two years prior to becoming chair
- He is an experienced researcher and well respected by his colleagues
- He is knowledgeable regarding the role of the Radiation Safety Committee and of the chairperson in managing radiation safety at the University level and maintaining compliance with Federal regulations and our license conditions

Re: Chair Appointment; Delegation of Authority for Radiation Safety
Committee

This memo documents the appointment of Dr. David Morrissey as Chair of the Radiation Safety Committee.

The Radiation Safety Committee is responsible for ensuring the safe use of licensed or permitted radioactive materials under NRC Broad Scope License 21-00021-29 and NRC Irradiator license 21-00021-30.

The Radiation Safety Committee is further responsible for implementing the Radiation Safety Program; establishing policies and procedures for managing the radiation safety program; identifying radiation safety problems; initiating, recommending or providing corrective actions; verifying implementation of corrective actions; and ensuring compliance with regulations for the use of licensed or permitted radioactive material.

In addition, the Radiation Safety Committee has the authority to immediately stop any operations involving the use of licensed or permitted radioactive material in which health and safety may be compromised or may result in non-compliance with the U. S. Nuclear Regulatory Commission Requirements.

As such, and consistent with prior assignments, the Radiation Safety Committee is hereby delegated the authority necessary to meet its obligations and responsibilities.
