SUMMARY
After numerous attempts to contact Gail Montgomery-Edwards (Edwards) (9/11/14, 9/17/14, 9/12/14, 9/15/14, 9/16/14) I finally received a call from Edwards concerning the bankruptcy information and termination of Saint Louis ConnectCare's NRC License 24-24518-01. Edwards explained that Saint Louis ConnectCare had not received the termination/close-out survey information until late December (letter dated December 26, 2013), however, Saint Louis ConnectCare had already closed its facility and had filed for bankruptcy earlier in December (filed for bankruptcy on December 16, 2013). Edwards explained it was her understanding that the "lawyers" were going to take care of the NRC license and follow-up on the termination.
