RE: UC Irvine Nuclear Reactor Facility, Docket 50-326, License R-116
University of California, Irvine
Financial Assurance Statement of Intent

As the Interim Provost and Executive Vice Chancellor of the University of California, Irvine, I have wide ranging authority and responsibility for campus operations and the allocation of resources. The University of California, Irvine intends to operate its TRIGA Reactor for the foreseeable future estimated to be at least 20 years. The UC Irvine facility is a non-power reactor operated by The Regents of the University of California, a State of California government entity established by Article IX, Section IX of the California State Constitution, which reads in part:

“a) The University of California shall constitute a public trust, to be administered by the existing corporation known as "The Regents of the University of California," with full powers of organization and government, subject only to such legislative control as may be necessary to insure the security of its funds and compliance with the terms of the endowments of the university and such competitive bidding procedures as may be made applicable to the university by statute for the letting of construction contracts, sales of real property, and purchasing of materials, goods, and services. “

Based on a recent similar example at the University of Arizona, decommissioning costs of the reactor are currently estimated to be \$2 million. The necessary decommissioning funds are well within the University’s financial ability to respond and as indicated under 10 CFR 50.75(e)(2)(iv), the University will make such funds (amount to be appropriately updated over time) available for decommissioning when necessary. The undersigned has been delegated authority to make this commitment and approve this Statement of Intent under IDA-099 by authority of the Chancellor of the University of California, Irvine as attached hereto.

Michael P. Clark
Interim Provost and Executive Vice Chancellor

UC IRVINE DELEGATION OF AUTHORITY

IDA099 - Radioactive Materials

IDA 099

April 2, 1994

EXECUTIVE VICE CHANCELLOR
VICE CHANCELLOR-ADMINISTRATIVE AND BUSINESS SERVICES
EXECUTIVE DIRECTOR-UCI MEDICAL CENTER
DEAN, PHYSICAL SCIENCES
DIRECTOR, ENVIRONMENT, HEALTH AND SAFETY

RE: Redelegation of Authority - Radioactive Materials

The responsibility for nuclear reactor construction and operating licenses, for Department of Energy licenses for out-of-state operations and for any other licenses for radioactive materials and related activities was delegated to Chancellors by Presidential Delegation of Authority DA 0131, November 23, 1966. I am redelegating that authority as follows:

Vice Chancellor-Administrative and Business Services; Director, Environment, Health and Safety; and the Health Physics Manager

The Vice Chancellor-Administrative and Business Services; the Director, Environment, Health and Safety; and the Health Physics Manager are delegated the authority and responsibility for nuclear reactor construction and operating licenses, for Department of Energy licenses for out-of-state operations, and for any other licenses for radioactive materials, except as noted below. This authority and responsibility may not be redelegated further.

Executive Director, UCI Medical Center

The Executive Director is delegated the authority and responsibility to act on behalf of the University in correspondence with the regulatory and accreditation agencies regarding the Radiation Safety Program at UCI Medical Center, to review all amendments to the UCI Medical Center radioactive materials

license to the State, and to sign all applications for renewal of the UCI Medical Center radioactive materials license. This authority may be redelegated further.

Dean, Physical Sciences

The Dean of Physical Sciences is delegated the authority to file nuclear reactor fuel inventory reports with the Nuclear Regulatory Commission. This authority may not be redelegated further.

Executive Vice Chancellor

The Executive Vice Chancellor is delegated the authority to represent the Irvine campus on license matters pertaining to the Department of Chemistry's nuclear reactor. This authority may not be redelegated further.

This delegation supersedes the following delegations of authority:

Chancellor to Vice Chancellor Administrative and Business Services, July 12, 1985 re Licenses for Radioactive Materials

Acting Vice Chancellor-Administrative and Business Services to Director, Environmental Health and Safety, January 2, 1987, re Licenses for Radioactive Materials

Chancellor to Executive Vice Chancellor and Dean of Physical Sciences, March 13, 1986, re Department of Chemistry Nuclear Reactor

Chancellor to Director of Clinical Services, March 26, 1986, re Radiation Safety Program at UCIMC (only that portion concerning the specific issued addressed in this memo is superseded.)

Laurel L. Wilkening
Chancellor
