Bryan

Thank so much for the follow up for this issue. I kept asking for a CBNC cert but was only supplied this letter.

Please void this action until this physician can provide the proper info. Thanks again

Have a great weekend. Tom K

Hey Tom,

I have an amendment request in for Porter Physicians Services to add Jay D. Shah, M.D. for 35.100 and 200 use. The info provided shows that Dr. Shah has passed the Nuclear Cardiology exam; however, he is NOT CBNC board certified.

I checked this online and then called the CCCVI for further clarification. They agreed that although he has passed the exam, he is not board certified.

I either need them to re-submit his training and experience using a different pathway (i.e., 35.290(c)) or will need to void this request.

Please advise. If you have questions, please call me – my direct number is below.

Thanks.
Bryan
