Subject: NRC Retroactive Rate Increase

Bill---

Jim Ransom here, project manager for the US EPR Design Certification Project for AREVA. We were notified earlier this year that the NRC was increasing hourly rates from \$272/hr to \$279/hr, and that we would be billed retroactively back to 1 October 2013.

A small percentage of the charges on our most recent NRC invoice are billed at \$279/hr, but most are still at \$272/hr. It looks like you started billing at the new rate on 20 Sep 2014.

I would like to know if / when we will receive an invoice for the retroactive charges. Just trying to plan out the rest of the year.

Thanks – appreciate your assistance

Jim
