you don't need to do anything else until cornell contacts you. I suspect this is not a discrimination case which would mean that the regions are in the lead. So, I would give our regional folks a heads up and direct Chaisson to be in contact with the region rather than OE (unless you guys are doing something different for this case).

Meanwhile, could someone send me the ml number of the letter we issued.

I have a voicemail from him that I'm planning to return today (he already contacted Cornell). Is there anything that I should tell him with respect to the ADR process, or is everything coordinated through Cornell?
