**Re: Lost Creek ISR LLC, Permit 788, Class 3 UIC Well Acceptance for Mine Unit 1 Header House 5 (HH 1-8)**

Dear Mr. Cash:

The Wyoming Department of Environmental Quality – Land Quality Division (WDEQ/LQD) District 2 Office received Lost Creek ISR's Notice of Completion of Construction for Class 3 wells in Mine Unit 1 Header House 8 (HH 1-8) on September 18, 2014. The above referenced Notice included the certification records for 60 wells in HH 1-8. The records submitted included Well Casing Records, Well Completion Reports, and MIT Reports as well as Digital Well Logs. Review of this submission is being done in lieu of an onsite records review for the HH 1-8 Notice and WDEQ/LQD will not exercise its right to inspect these wells as provided for in Chapter 11, Section 11(b)(ii)(A) and (B).

**All well certifications indicated in the above-referenced Notice are hereby accepted by the WDEQ/LQD as being in compliance with the approved Operations Plan and LQD Noncoal Rules and Regulations Chapter 11, Section 11(b).**

Lost Creek ISR is authorized to commence ISR injection and mining operations with the 60 specified wells within HH 1-8 in accordance with the Operations Plan for Permit 788. If there are any questions regarding this letter or its enclosures, please contact Brian Wood in the Lander Land Quality Division office at (307) 332-3047.

Sincerely,

Brian R. Wood
