FPL and NRC Staff have been engaged in interactions concerning the information provided in References 1 through 6.

As a result of these interactions Florida Power & Light Company (FPL) is providing, as attachments to this letter, revised responses for the Nuclear Regulatory Commission's (NRC) Requests for Additional Information (RAI) RAI 02.05.02-2 through 02.05.02-13. The attachments identify changes that will be made in a future revision of the Turkey Point Units 6 and 7 Combined License Application (if applicable).

These revised RAI responses provide the current versions of each response and associated COLA change in order to facilitate the NRC Staff's review. These revisions reflect changes provided in earlier revisions of the RAI response. As a result of the supplemental site investigation, no changes were made to any of the attached RAI responses.

Note: The attachments are not included with this letter due to file size
