Update::

Long call with Mr. Chaisson. After explaining to him several times that ADR essentially requires him to admit he deliberately did what the Order said he did and that it is only the penalty that is negotiated, he decided he wants to go in front of the administrative law judge and challenge the Order itself. He indicated that he doesn't want "this" on his record. As he has repeatedly told us, he again stated that he did not do anything wrong but only did what his company told him to do. He stated he will not admit to doing something deliberately when he doesn't believe he did anything other than what he was told.

Ray will be contacting headquarters to get someone in touch with Mr. Chaisson who can clearly and simply explain what steps he must complete to get his hearing.

Hi Christi,

I did have a voicemail from James on Friday, May 25. I was out of the office. However, I did just speak with him and he wants to proceed with ADR. I'll be sending him, and you, the Agreement to Mediate to sign, tomorrow. I know he's located in Utah and I'm curious as to where the mediation will be held. He said that he could not afford to fly to Texas.

So to answer your question regarding NRC paying for costs, you will need to speak with Shahram about that. Let me know if you need his contact information.

Thanks,
Traci

Hi, Traci.

I heard that one of our banned radiographers is interested in ADR. I've been out of the office for about a week. Do you have any information on this? It would be Mr. James Chaisson asking for ADR. If he has called you, I suspect he will ask that the NRC pay all costs. Do you take care of that sort of thing through our headquarters office? Let me know if I need to start working on this.

Thank you.
