Good afternoon,

Yes. The email should be sufficient. I will ask our administrative assistants to added to the docket for the Model No. 5X22.

Have a nice day,
Norma

Norma,

The owner of the "proprietary" information has stated that they are okay with public release. Will the email below (Arnold to Kirby dated 10/28/2014) satisfy your request?

Thanks!

Kenny

UNCLASSIFIED (Attachments:UNCLASSIFIED)

Will suffice for me as long as the NRC is good with it! Send on to Norma!

Thanks,
Sandra

Mr. Kirby,

DAHER-TLI has no objections to releasing the Test Plan and Specification Document Number TP-002 Rev. 0 on the NRC Public Web Site in support of your renewal effort of the Certificate of Compliance for the 5X22 Shipping Container.

Please let us know if we can be of any service or assistance to B&W Nuclear Operations on this or any project in the future.

Best regards,

Mike

Ms. Little,

The Babcock & Wilcox Company is in the process of renewing the Certificate of Compliance for the 5X22 Shipping Container and we have a question regarding the Test Plan & Specification (Document Number TP-002 Revision 0). The coversheet for the Test Plan & Specification generated by Century Industries has a "Proprietary Information Notice" specific to Century Industries. We need to know if your company would have any objections to releasing the document on the NRC's public web site. I appreciate your assistance in resolving this question.

Thanks!

Kenny Kirby
