Subject: Request for additional information for proposed authorized nuclear pharmacists
(NOTE: This will be used as the Documents Title in ADAMS)

IBA Molecular North America, Inc. requested to add seven authorized nuclear pharmacists (ANPs). They submitted copies of the Agreement State licenses showing where each individual was previously authorized and the corresponding state's pharmacist registration for each individual. I called Mr. Kostka and requested to get each individual's West Virginia and/or Missouri pharmacist registration (the states authorized by the license) in accordance with 10 CFR 32.72(b)(5)(vi), which requires that the licensee provide a copy of the State pharmacy licensure or registration, no later than 30 days after the date that the licensee allows the individual to work as an authorized nuclear pharmacist. The licensee submitted pharmacy licensure from other states, but not for WV or MO, where they are licensed. Mr. Kostka noted that only Michael A. Levy, R.Ph. and Philip Nielson, Pharm.D. are licensed pharmacists in the State of West Virginia. I asked that Mr. Kostka submit the licensure for the two individuals. I also informed him that I could only add those two individuals at this time. If the other five pharmacists obtained licensure in WV and/or MO, they could resubmit the request to add those individuals.

Action Required: Wait for requested information and then process license amendment.
