Request to Change Radiation Safety Officer**

Please accept this letter as our respectful request to change the designated Radiation Safety Officer under License No. 47-35105-01, issued to Stantec Consulting Services Inc. Please change the designated Radiation Safety Officer from Erasmo Rizo to Donavon Cunningham.

In accordance with draft NUREG-1556 Vol. 1, Rev. 2, Mr. Cunningham has completed the appropriate courses and has 10 years of hands-on operation.

Please amend License No. 47-35105-01 as requested above. Please contact me or Donavon Cunningham at (304) 367-9401 should you have any questions or concerns or if there is anything additional needed.

Respectfully,

**STANTEC CONSULTING SERVICES INC.**

# APNGA Portable Nuclear Gauge Safety & U.S. D.O.T. Hazmat Certification Class

Certificate of Completion to:  
**donavon cunningham**

HAZMAT refresher training is required within 3 years after today's date:

October 22, 2014

This course covers training criteria of NUREG 1556, The Agreement States,  
and 49 CFR 172, Subpart H.

**The Company RSO completes the training requirements by familiarizing the employee with:**

- State specific regulations including introduction to the state regulatory website
- The company radiation safety program, specifically gauge safety operating and emergency procedures
- A tour of storage area with emphasis on security, documents and postings
- Loading, security and transporting gauges in company vehicles
- Hands-on training with the gauge and methods in use by the company
- Introduction to gauge safety content on gauge manufacturer website
- Certificate covers both Gauge Safety and USDOT HAZMAT requirements

The acknowledgement and signature of the RSO/Official makes the training and certificate relevant and valid.
