SUBJECT: WITHHOLDING PROPRIETARY INFORMATION FROM PUBLIC DISCLOSURE  
SUBMITTAL OF PRESENTATION MATERIALS FOR MEETINGS WITH  
NUSCALE POWER, LLC, ON NOVEMBER 19, 2014 (PROJECT0769)

Dear Dr. Reyes:

By letter dated October 31, 2014, NuScale Power, LLC. submitted an affidavit (Agencywide Documents Access and Management System (ADAMS) Accession No. ML14309A113), in which Mr. Steve Mirsky, Manager, Licensing, requested that the following slide presentation be withheld from public disclosure pursuant to Title 10 of the *Code of Federal Regulations* (10 CFR), Part 2, Section 2.390:

- Proprietary slides entitled, "NuScale Regulatory Compliance Strategy" (ML14308A346)

A nonproprietary copy of this document has been placed in the U.S. Nuclear Regulatory Commission (NRC) Public Document Room and added to ADAMS at the following accession number:

- Non-proprietary slides entitled, "NuScale Regulatory Compliance Strategy" (ML14308A345)

The affidavit stated that the submitted information should be considered exempt from mandatory public disclosure due to the proprietary nature of the information that will be presented and discussed.

We have reviewed your application and the material in accordance with the requirements of 10 CFR 2.390 and, on the basis of the statements in the affidavit, have determined that the submitted information sought to be withheld contains proprietary commercial information and should be withheld from public disclosure.

Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure pursuant to 10 CFR 2.390(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC. You also should understand that the NRC may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC makes a determination adverse to the above, you will be notified in advance of any public disclosure.

If you have any questions regarding this matter, I may be reached at (301) 415-0546.

Sincerely,
