SUBJECT: EXAMINATION CONFIRMATION LETTER, NO. 50-005/OL-16-01,
PENNSYLVANIA STATE UNIVERSITY BREAZEALE NUCLEAR REACTOR

Arrangements have been made with Mr. Mark Trump for the administration of operator licensing examinations at the Pennsylvania State University Breazeale Nuclear Reactor. The examination is scheduled for the week of August 22, 2016.

All reference material has been received and all arrangements for the examination have been made,

Signed operator license applications in accordance with 10 CFR 55 Subpart D, "Applications", certifying that all applicants have successfully completed the facility licensee's requirements to be licensed as an operator or senior operator and that all applicants meet the medical requirements, must be submitted at least 14 days before the start date of the examinations. This will allow the chief examiner time to review and process the applications. If this review cannot be completed in time to decide an applicant's eligibility, that applicant will not be permitted to sit for the examination. Therefore, it is recommended that license applications be timely provided to ensure an appropriate level of review.

The NRC has posted copies of the application forms, "Personal Qualification Statement—Licensee" (NRC Form 398) and "Certification of Medical History by Facility Licensee" (NRC Form 396) on the agency's Web site at www.nrc.gov/reading-rm/doccollections/forms/nrc398.pdf and www.nrc.gov/reading-rm/doc-collections/forms/nrc396.pdf. These forms are in Adobe Acrobat® format.
