Response to Regulatory Information Summary 2017-03
"Preparation and Scheduling of Operator Licensing Examinations"

On April 5, 2017 the NRC issued Regulatory Issue Summary (RIS) 2017-03. RIS 2017-03 requests that each licensee provide an update of operator licensing examination information for calendar years 2019 through 2022.

The enclosure to this letter provides the NextEra Energy Point Beach, LLC, response for the Point Beach Nuclear Plant, Units 1 and 2.

The current date of the next Operator Licensing Examination for calendar year 2019 is September 3 and 9, 2019 with an onsite validation scheduled for the week of August 5, 2019. During recent communications with representatives of the Region III Operator Licensing Branch regarding examination scheduling, NextEra Energy Point Beach questioned the possibility of moving the examination to July, 2019. It was requested that NextEra formalize the request. The request is:

- Release the September 2019 Examination date
Examine the weeks of 15 and 22 July, 2019
Site validation the week of 17 June, 2019

If there are questions concerning this, please contact Mr. Darren Peterson, Point Beach Nuclear Plant Training Manager, at 920-755-7775.

Sincerely,

NextEra Energy Point Beach, LLC
