FINDING CLOSURE OBSERVATION MEETING INDUSTRY LESSONS LEARNED

September 29, 2017

Key Industry Lessons Learned

Finding Closure Impacts

- Update vs Upgrade
- Independence of Finding Closure Reviewer
- Remote Reviewers
- Creation of a new Finding by Closure Team

- Expand Scope of Closure to entire Supporting Requirement
- Different observations from different NRC participants
- Observer participation in Closure pre-job briefs

Different NRC Observations/Opinions

Industry Insight

NRC observers should be invited to participate in all facets of the Finding Closure review, including pre-job briefs.

NRC observers should be asked to identify their job function associated with the review of risk-informed applications (context) and if their observation/position represents that of the NRC or is a personal observation.
