Nuclear sabotage

St. Lucie

Company employment has fallen 28 percent in five years from 15,497 to about 11,000 today. At St. Lucie, about 5 percent of the 800 jobs were eliminated this year.

With the latest layoffs completed Aug. 1, "the morale at the St. Lucie plant is at an all-time low, in my opinion," said RICK CURTIS, president of International Brotherhood of Electrical Workers Local 627, representing about 370 plant workers.

"I do feel like I have something to offer, but most of us don't feel like they really listen to our concerns," said the IBEW's Curtis. "There's a lot of pressure to get work done faster and quicker, and so it's some what causes conflict."

MIAMI — The last thing anyone wants to hear about is sabotage at a nuclear power plant. But in an era of corporate downsizing, utilities aren't immune from the downside of low morale.

DEAR SIRS:

IT IS WITH INTEREST I HAVE SEEN ARTICLES IN MANY PAPERS ABOUT "NUCLEAR SABOTAGE IN THE ST LUCIE NUCLEAR POWER PLANT"----- WHAT CAN YOU EXPECT WHEN IT IS IN THE HANDS OF FLORIDA POWER AND LIGHT..... F.P.L. DON'T GIVE A DAMN ABOUT WORKERS AND THEIR PROBLEMS. AS THE NEWSPAPERS STATED MORALE IS AT AN ALL-TIME LOW... COMPANY EMPLOYMENT HAS FALLEN 28% IN FIVE YEARS... THEY PROBABLY WOULD LOVE TO DRIVE THE UNION OUT..... KEEP WAGES LOW SO THEY CAN HAVE MORE PROFIT...

THE "UNIONS" HAVE MADE AMERICA WHAT IT IS TODAY... BIG COMPANIES LIKE FPL WOULD LOVE TO SEE UNIONS OUT OF THE PICTURE... MY FATHER WAS A UNION MAN UP NORTH FOR 40 YEARS AND SWORE BY THE UNION.. HE CAME FROM ITALY AS A BOY AND KNOWS WHAT PROVERTY WAS.... THE UNION MADE IT POSSIBLE FOR HIM TO HAVE A HOME AND RAISE A FAMILY....

I PUT 20 YEARS ACTIVE DUTY IN THE U.S. NAVY... ONE SHIP I WAS ON WAS THE USS RANGER.. AN AIR CRAFT CARRIER.. OUR SKIPPER CAPT MC CAIN "WE WILL HAVE THE BEST FEEDING SHIP IN THE FLEET AND HE DID ALL FOR THE CREW... IT WAS A HAPPY SHIP...BEST FEEDING... AS A RESULT WE HAD THE "E" IN GUNNERY--- WE HAD THE "E" IN COMMUNICATIONS---- WE HAD THE "E" IN FLIGHT OPERATIONS.... OUR SHIP DURING FLIGHT OPERATIONS PUT PLANES IN THE AIR FASTER THAN THE "LEXINGTON" THAT THE ADMIRAL WAS ON... IT WAS A HAPPY SHIP BECAUSE THE MEN KNEW SOMEONE CARED..... NO SABOTAGE ON THE RANGER/NO DESERTIONS ... ALL BECAUSE THE SKIPPER WAS LOOKING OUT FOR THE MENS WELFARE.. AND THE CREW KNEW IT.....

I HAVE HAD EXPERIENCE WITH FLORIDA POWER AND LIGHT AND IT WAS ROTTEN.... I WAS UNDER A FLORIDA POWER AND LIGHT POLE WITH THREE TRANSFORMERS. THE POWER POLE WAS IN THE MIDDLE OF THE SIDEWALK... A POWER TRANSFORMER BLEW AND I WAS KNOCKED TO THE PAVEMENT ON MY RIGHT SIDE... I WAS STUNNED, I COULD HARDLY RAISE MY RIGHT ARM, MY SHOULDER HURT.... I HAVE BEEN TO SEVERAL DOCTORS AND PROBABLY NEED AN OPERATION ON MY SHOULDER.....

I HAVE WRITTEN THREE LETTERS TO FLORIDA POWER AND LIGHT... TO THE PRESIDENT OF F.P.L. THEY ARE ROTTEN TO THE BONE... NEVER BOTHERED TO ANSWER... ONE PERSON CLAIMED HE CAME FROM F.P.&L HE HAD NO IDENTIFICATION ONLY A CARD WITH HIS NAME.. I SHOULD HAVE CALL THE POLICE AND HAVE HIM CHECKED.... GOD KNOWS WHO KNOCKS ON THE DOOR TODAY....

IN MY LETTERS I STATED THAT IT IS NOT RIGHT FOR "MEDICARE AND AARP" TO PAY MY MEDICAL BILLS.... THIS ROTTEN MULTIMILLION DOLLAR COMPANY DON'T CARE THAT A PERSON INJURED BECAUSE OF THEIR DEFECTIVE EQUIPMENT GETS HIS INJURIES PAID FOR BY "MEDICARE AND AARP". THAT IS ROTTEN AND EXAMPLE OF JUST HOW "ROTTEN" FLORIDA POWER AND LIGHT IS.....

THE PORT ST LUCIE NUCLEAR POWER PLANT WILL CONTINUE TO HAVE "NUCLEAR SABOTAGE" AND INEFFICIENT OPERATION AS LONG AS MORALE IS LOW AND WORKERS ARE DISCONTENT.. FPL STUPIDLY -Y OFFERED \$10,000.00 FOR INTERNAL INVESTIGATION... YOU DON'T NEED AN INVESTIGATION TO FIND THE CAUSE . THE CAUSE IS IN THE PAPERS.. DISCONTENTED WORKERS/LOW MORALE, ETC..

I THINK F.P.L. AND THE PRESIDENT IS ROTTEN.. NEVER HAD THE DECENCY TO ANSWER A LETTER OR PAY FOR INJURIES... TO LET "MEDICARE AND AARP " PAY MEDICAL BILLS IS AS ROTTEN AS COULD BE... NUCLEAR SABOTAGE COULD CAUSE AN EXPLOSION/RADIATION LEAKS... I SURE WOULD NOT WANT TO LIVE ANY WHERES NEAR PORT ST. LUCIE...

Glue also was found in nine padlocks and two door locks in different areas of the Florida Power & Light Co. plant
