General Comment

I have five reasons why the operating licenses for Turkey Point Nuclear Plant should not be renewed.

1. Rick "Smart Glasses" Perry is a no-nothing useful idiot for energy lobbyists
2. Scott "Mattress Boy" Pruitt is a corrupt little twit, currently under investigation for a dozen ethics violations
3. Ryan "Garrison Flag" Zinke is a total hypocrite, pretending to be a conservationist while undermining public lands
4. Kirstjen Nielsen is a liar, as when she said there isn't a policy to separate migrant children from their parents
5. President Tiny Hands is a loudmouthed, obnoxious ignoramus in an orange fright wig.

... and don't get me started on Betsy DeVos and the other incompetents in the Trump kleptocracy.
