AEROTEST RADIOGRAPHY AND RESEARCH REACTOR  
DOCKET NO. 50-228/LICENSE NO. R-98.

Sir/Madam,

I have not received a response to my January 22, 2019 letter as of this date. My request for reimbursement for NRC payments as outlined in that communication is based on substandard performance of the obligated agency's duties. I noticed that my letter was recently posted on ADAMS (ML19030A581); thus, I assume a NRC representative is currently evaluating and formulating a response.

I will be in Washington DC in April 2019 on related business and can be available for discussion concerning the document or any other issues associated with Aerotest reactor (License no. R-98).

Should you have any questions or require additional information regarding this submission, please contact AO President David M. Slaughter, Ph.D. at (801) 631 5919 or [dmsraven@gmail.com](mailto:dmsraven@gmail.com). I declare under penalty of perjury that the statements above are correct and truthful.

Respectfully,

David M. Slaughter, PhD.
