SUBJECT: Docket No. 50-602, Request for Transfer of PuBe Sources (Currently on Docket 70-157, License SNM-180) to License R-129

REFERENCE (Letter of February 18, 2019) Docket No. 50-602, Request for Possession Limit Change of License R-129  
(Letter of February 27, 2019) Docket No. 50-602, Request for Transfer of PuBe Sources (Currently on Docket 70-157, License SNM-180) to License R-129

Sir:

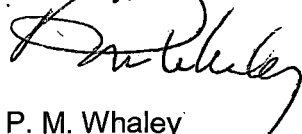

A license amendment request was submitted on February 18, 2019 for a change in possession limits of uranium-235 in the form of foils, with an addition on February 27, 2019. Both requests included a typographical error:

The security classification/categorization of 10 CFR Part 73 (Category I; *Special nuclear material of low strategic significance*) is unchanged.

The *material of low strategic significance* is incorrectly identified as Category 1; please revise to Category III.
