To Whom It May Concern:

Enclosed is the final After Action Report/Improvement Plan for the Beaver Valley Power Station (BVPS), Medical Services (MS-1) Drill that was evaluated on April 10, 2019. The Weirton Hospital and Brooke County Emergency Medical Services participated in the drill.

There were no Level 1 Findings, Level 2 Findings, or Planning Issues identified during the drill.

Based on the results of the exercise and a review of the offsite radiological emergency response plans and procedures submitted, FEMA Region III has determined they are adequate (meet the planning and preparedness standards of NUREG-0654/FEMA-REP-1, Revision 1, November 1980, as referenced in 44 CFR 350.5) and there is reasonable assurance they can be implemented, as demonstrated during this drill.

If you have any questions, please contact Thomas Scardino at (215) 931-5546.

Sincerely,
