Dear Mr. Saltzman:

Re: Notice of Suit

This will advise that we have received a Summons and Complaint,
No. 35926 in Suffolk (Mass.) Superior Court, and styled:

The complaint alleges that Decedent, while employed by Crouse

13, 1976 was exposed to radiation from fuel rods manufactured and
sold by G.E., resulting in his death on August 31, 1976 from
"widespread cancer".

Very truly yours,
