APPLICANT PACIFIC GAS AND ELECTRIC COMPANY'S  
RESPONSE TO REQUEST FOR PRODUCTION OF GOVERNOR BROWN

Applicant PACIFIC GAS AND ELECTRIC COMPANY has reviewed roughly tens of thousands of pages of documents in response to Governor Brown's Request for Production dated August 5, 1981. While all of the documents have been centrally located, examined and numbered as of this date, not all that may be responsive to the Request are listed below due to the enormity of the task. As documents are added to the list, supplements to the list will be submitted. Revision 3 of the Diablo Canyon Emergency Plan and the TERA report "Earthquake Emergency Planning at Diablo Canyon" are being reproduced as of this filing. While a copy of the TERA report and Revision 3 are available for inspection at Pacific Gas and Electric Company headquarters, complete copies will be mailed to the parties on either Friday the 11th or Monday the 14th. All other documents listed are available for inspection and/or copying at Pacific Gas and Electric Company headquarters during normal business hours. Applicant would request one day's notice for staffing purposes whenever counsel desire to review the documents.
