U.S. NUCLEAR REGULATORY COMMISSION

INSPECTION AND LICENSE FEE INVOICE - TERMS AND CONDITIONS

TERMS: Payment is due immediately. Interest will accrue from the invoice date at the annual rate of 9%. However, interest will be waived if payment is received within 30 days from the invoice date. For NRC debt collection procedures, including interest and penalty provisions, see 10 CFR Part 15.

NOTICE: This invoice shows the fee assessed for the recent licensing action(s), or inspection(s) of your licensed program. Fees are assessed in accordance with the schedule in 10 CFR Part 170. The revocation or termination of a license does not relieve the licensee of its responsibility for any debt(s).

PENALTY AND ADMINISTRATIVE COSTS: A penalty charge will be assessed on any portion of a debt that is delinquent for more than 90 days at the annual rate of 6 percent (4 CFR 102.13(e)). This charge shall be calculated on or after the 91st day of delinquency, but shall accrue from the date the debt became delinquent. For this purpose, a debt is "delinquent" if it has not been paid by the invoice date. An administrative charge will be assessed for a debt that remains delinquent for over 30 days; such assessment shall be based on the actual additional costs incurred in processing and handling the delinquent debt, but not less than \$10.00 per month.

USE OF CONSUMER REPORTING AGENCIES AND CONTRACTING FOR COLLECTION SERVICES: In addition to assessing interest, penalties and administrative costs, the NRC may report a debt that has been delinquent for 90 days to a Consumer Reporting Agency, see 4 CFR 102.5. In accordance with 4 CFR 102.6, the NRC may contract for collection services in order to recover delinquent debts.

10 CFR 170.41 FAILURE BY APPLICANT OR LICENSEE TO PAY PRESCRIBED FEES: In any case where the Commission finds that applicant or a licensee has failed to pay a prescribed fee required in this Part, the Commission will not process any application, and may suspend or revoke any license or approval issued to the applicant or licensee, or may issue an order with respect to licensed activities as the Commission determines to be appropriate or necessary in order to carry out the provisions of this Part.

10 CFR 170.51 RIGHT TO REVIEW AND APPEAL OF PRESCRIBED FEES: All debtors' requests for review of the fees assessed, and appeal or disagreement with the prescribed fee, must be submitted in writing in accordance with the provisions of 10 CFR 15.31, "Disputed Debts."

CONTACTS: Questions relating to the assessment of fees under the revised fee schedule, and/or correctness of the address, call (301) 492-7225 or direct correspondence to:

U.S. NUCLEAR REGULATORY COMMISSION

INSPECTION AND LICENSE FEE INVOICE - TERMS AND CONDITIONS

TERMS: Payment is due immediately. Interest will accrue from the invoice date at the annual rate of 9%. However, interest will be waived if payment is received within 30 days from the invoice date. For NRC debt collection procedures, including interest and penalty provisions, see 10 CFR Part 15.

NOTICE: This invoice shows the fee assessed for the recent licensing action(s), or inspection(s) of your licensed program. Fees are assessed in accordance with the schedule in 10 CFR Part 170. The revocation or termination of a license does not relieve the licensee of its responsibility for any debt(s).

PENALTY AND ADMINISTRATIVE COSTS: A penalty charge will be assessed on any portion of a debt that is delinquent for more than 90 days at the annual rate of 6 percent (4 CFR 102.13(e)). This charge shall be calculated on or after the 91st day of delinquency, but shall accrue from the date the debt became delinquent. For this purpose, a debt is "delinquent" if it has not been paid by the invoice date. An administrative charge will be assessed for a debt that remains delinquent for over 30 days; such assessment shall be based on the actual additional costs incurred in processing and handling the delinquent debt, but not less than \$10.00 per month.

USE OF CONSUMER REPORTING AGENCIES AND CONTRACTING FOR COLLECTION SERVICES: In addition to assessing interest, penalties and administrative costs, the NRC may report a debt that has been delinquent for 90 days to a Consumer Reporting Agency, see 4 CFR 102.5. In accordance with 4 CFR 102.6, the NRC may contract for collection services in order to recover delinquent debts.

10 CFR 170.41 FAILURE BY APPLICANT OR LICENSEE TO PAY PRESCRIBED FEES: In any case where the Commission finds that applicant or a licensee has failed to pay a prescribed fee required in this Part, the Commission will not process any application, and may suspend or revoke any license or approval issued to the applicant or licensee, or may issue an order with respect to licensed activities as the Commission determines to be appropriate or necessary in order to carry out the provisions of this Part.

10 CFR 170.51 RIGHT TO REVIEW AND APPEAL OF PRESCRIBED FEES: All debtors' requests for review of the fees assessed, and appeal or disagreement with the prescribed fee, must be submitted in writing in accordance with the provisions of 10 CFR 15.31, "Disputed Debts."

CONTACTS: Questions relating to the assessment of fees under the revised fee schedule, and/or correctness of the address, call (301) 492-7225 or direct correspondence to:
