Gentlemen:

Amendment Nos. 128 and 102, issued December 14, 1989, authorizes the transfer of control and performance of licensed activities for Arkansas Nuclear One, Units 1 and 2 from Arkansas Power & Light Company (AP&L) to Entergy Operations, Inc. The conditions in the amendment were required to be implemented within 180 days of the date of issuance and upon official transfer of responsibilities between AP&L and Entergy Operations.

This letter is to inform you that AP&L has received all necessary regulatory approvals to transfer operating responsibility for Arkansas Nuclear One, Units 1 and 2 to Entergy Operations, and all conditions in Amendment Nos. 128 and 102 to the Facility Operating License have been implemented effective June 6, 1990.
