Dear Sir:

Subject: Revision 2 to the Vermont Yankee Training and Qualification Plan

The purpose of this memo is to provide you with Revision 2 to the Vermont Yankee Training and Qualification Plan. This revision reflects enhancements recently made to our Security Program. These changes were previously incorporated into our Physical Security Plan and implementing procedures and the enclosure reflects the resultant Plan changes.

We have reviewed this revision and have determined that the changes do not decrease the safeguards effectiveness of the Plan. Therefore, in accordance with 10CFR50.54(p), prior NRC approval of this revision is not required.

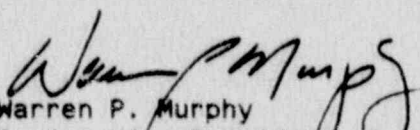

This revision to our Training and Qualification Plan is submitted as Attachment A to this letter and is considered SAFEGUARDS INFORMATION which is to be withheld from public disclosure in accordance with the provisions of 10CFR73.21.

We have enclosed our standard Document Custody Form and change Transmittal Form for each copy of the Plan revision required by the NRC. Please sign and return these forms.

We trust that the enclosed information is deemed acceptable; however, should you have any questions, please contact Mr. John Moriarty, Security Supervisor, at our plant site.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
