SNPS Safeguards Contingency Plan, Revision 5
Shoreham Nuclear Power Station - Unit 1
Docket No. 50-322

Gentlemen:

Enclosed are four copies of LILCO's amended Safeguards Contingency Plan, Revision 5, dated August 23, 1990. This Plan supersedes our previous submittal, Revision 4, dated May 6, 1988.

Revision 5 of the SNPS Safeguards Contingency Plan was initiated, reviewed and approved to achieve consistency with the SNPS Security Plan for Fuel Storage in the Spent Fuel Pool which was approved by the NRC Staff in amendment 4 to NPF-82 on June 14, 1990. In addition, the organizational chart has been updated and grammatical changes have been made.

The enclosure to this letter contains Safeguards Information and is to be protected in accordance with 10 CFR 73.21.

Should you have any questions concerning this revision, please contact Mr. A. Downs, Manager Nuclear Site Security, on (516) 929-8300, extension 3287.

Very truly yours,

John D. Leonard, Jr.
