Reference: 1) Letter from K.H. Evers to Document Control Desk dated April 5, 1991
2) Letter from L.R. Greger to K.H. Evers dated August 23, 1991

In reference 1, WPSC submitted revision 2 to the Kewaunee Nuclear Power Plant (KNPP) Security Manual. The Security Manual was revised to reflect the expanded protected area barrier, and other miscellaneous changes. In reference 2, the NRC identified several issues which required further clarification. Attachment A to this letter provides a response to those issues which were identified. The changes being made to address these issues are considered revision 3 to the KNPP Security Manual.

In accordance with the provisions of 10 CFR 50.4(b)(4), enclosed you will find the original and three (3) copies of revision 3 to the Kewaunee Nuclear Power Plant (KNPP) Security Manual.

A narrative description of the revisions has been included as Attachment A to this letter to aid

in your review. The affected Security Manual pages have been included as Attachment B. All changes except for the figures have been highlighted with revision bars.

WPSC has determined that these changes do not decrease the safeguards effectiveness of the security program and are therefore submitted in accordance with the provisions of 10 CFR 50.54(p).

Sincerely,

C.A. Schrock
