Service Water System Operational Performance Inspection
(SWSOPI)

McGuire Nuclear Station
SWSOPI Self Assessment Plan

Gentlemen:

The purpose of this letter is to retract the referenced letter which requested a review and approval of the McGuire SWSOPI self-assessment plan.

Raw water systems at McGuire Nuclear Station have had a high reliability rate in recent years and there are no outstanding safety issues. A Self Initiated Technical Audit (SITA) performed in 1993 on the McGuire raw water systems did not reveal any safety issues and all identified issues have been addressed.

Therefore, the proposed SWSOPI self assessment scheduled for July 1996 has been canceled.

If you require further information, please contact James E. Snyder at (704)875-4447.

Very truly yours,

T. C. McMeekin
