 Inservice Inspection and Inservice Testing Program  
Withdrawal of ASME Code Update Deferral Request

Ladies and Gentlemen:

On January 11, 1996, Southern Nuclear Operating Company (SNC) requested a 40-month deferral of the 10-year updates of the FNP Unit 1 and Unit 2 Inservice Inspection (ISI) and Inservice Testing (IST) Programs.

Upon further review, SNC has decided to proceed with the 10-year update as presently scheduled. Therefore, SNC respectfully withdraws its request for the 40-month deferral of the FNP Unit 1 and Unit 2 ISI and IST Programs.

If there are any questions or if additional information is needed, please advise.

Respectfully submitted,

*Dave Morey*
