Purpose: The purpose of this meeting is to discuss how NRC ISFSI licensees can request temporary regulatory relief during the COVID-19 public health emergency (PHE) through submission of certain exemption requests. The NRC staff would like to hear from ISFSI licensees regarding the types of exemptions they may need during the ongoing public health emergency.

Participants:

<u>NRC</u>	<u>External</u>
Office of Nuclear Material Safety and Safeguards	Decommissioning Plant Coalition
Office of Nuclear Security and Incident Response	Nuclear Energy Institute

Meeting Category: This is a **Category 2** meeting. The public is invited to discuss regulatory issues with the agency at designated points identified on the agenda.

Contact: David McIntyre, OPA.Resource@nrc.gov, 301-415-8200.

Comments: This meeting will feature both a moderated bridge line for audio (please see dial-in and passcode information under “Teleconference”) and WebEx to present meeting slides. Participants can register for the WebEx portion of the meeting by following the WebEx direct link under “Webinar,” or by going to usnrc.webex.com and entering in meeting ID number 905 342 764 under “Join a Meeting.” You can pre-register for the WebEx or join right at the start of the meeting.

This meeting notice will be updated with slides and other meeting handouts, as needed, so participation via WebEx will not be necessary.
