Gentlemen:

Your letter of January 24, 1986, transmitted Temporary Change No. 86-01 to the Vermont Yankee Physical Security/Contingency Plan. In conjunction with our review of this temporary change, Mr. Sinclair of your staff was contacted by telephone on February 18, 1986 to obtain clarification of the change. During that telephone conversation, Mr. Sinclair confirmed that the primary function of the assistant central alarm station (CAS) operator, as described in the summary of the changes provided with your January 24 letter is specifically stated in current internal procedures. Accordingly, we have determined that the change is consistent with the provisions of 10 CFR 50.54(p), and is considered acceptable.

The enclosure to your above referenced letter is being withheld from public disclosure since it contains Safeguards Information and must be protected in accordance with 10 CFR 73.21.

Sincerely,

Original Signed By:

Thomas T. Martin, Director
Division of Radiation Safety and
