Subject: Withdrawal of Request for License Change Regarding a Proposed Revision to the Security Plan for the Quad Cities Nuclear Power Station

Reference: Letter from R. M. Krich (ComEd) to USNRC, "Request for License Change; Proposed Revision to the Security Plan for the Quad Cities Nuclear Power Station," dated January 8, 1999.

This letter withdraws the Commonwealth Edison (ComEd) Company request for license change transmitted by the referenced letter. The license change request was for a Quad Cities Nuclear Power Station Security Plan revision (i.e., Revision 44).

We have reevaluated our submittal of the Security Plan revision based on discussions between Mr. R. M. Krich of ComEd and Messrs. R. M. Pulsifer and R. F. Skelton of the NRC, and determined that it was appropriate to withdraw the referenced license change request at this time. We will re-evaluate our situation and may request approval of a change in the future.

Should you have any questions concerning this letter, please contact Mr. S. R. Dort at (630) 663-3741.

Respectfully,

R.M. Krich
