(Shearon Harris Nuclear Power Plant) )

REQUEST TO CONTINUE STAY INDEFINITELY

Pursuant to 10 C.F.R. 2.764(f), now come the Conservation Council of North Carolina (CCNC), Wells Eddleman (pro se), and the Joint Intervenors with a motion to the Commission to continue indefinitely its temporary automatic stay as to the Licensing Board's authorization of full-power operations. Additionally, all authorizations for operation, including low-power operations, should be stayed until the Commission completes its immediate effectiveness review and has resolved the issues we raised in our Comments on Immediate Effectiveness Review, dated June 9, 1986, and in our appeals of the various Partial Initial Decisions and Final Decision now before the Appeal Board. Support for this motion lies in our Comments on Immediate Effectiveness Review and our proposed findings and briefs.

Respectfully submitted,
