Nuclear Operations  
Florida Power Corporation  
ATTN: Manager Nuclear Licensing (SA2A)  
Crystal River Energy Complex

SUBJECT: REORGANIZATION OF REGION II STAFF

Dear Mr. Cowan

On January 17, 1999, Region II will implement a staff reorganization as part of an agency-wide streamlining effort. The reorganization is necessary because of staffing reductions in our Fiscal Year 1999 budget. The reductions will result in the elimination of the Special Inspection Branch in the Division of Reactor Safety (DRS) and realignment of those functions and staff in the remaining DRS branches.

We have enclosed a copy of the organization charts for your information. If you have any questions about these changes, please contact me at (404) 562-4540.

Sincerely,

( Original signed by L. Wert )

Leonard D. Wert, Chief  
Reactor Projects Branch 3  
Division of Reactor Projects
