

September 8, 1999

Mr. Oliver D. Kingsley
President, Nuclear Generation Group
Commonwealth Edison Company
ATTN: Regulatory Services
Executive Towers West III
1400 Opus Place, Suite 500
Downers Grove, IL 60515

Dear Mr. Kingsley:

In response to J. P. Dimmette's letter dated November 13, 1998, we have tentatively scheduled an initial licensing examination for Quad Cities operator license applicants during the week of March 27, 2000. Validation of the examination will occur at the station during the week of March 6, 2000. In the unlikely event that we are unable to support the examination during the scheduled week, we will inform you immediately upon discovery of such conditions and make arrangements to administer the examination at a mutually acceptable date.

As agreed upon in a telephone conversation on June 4, 1999, your staff will develop the examination. Please inform us at your earliest opportunity if you discover you are unable to support the examination on the scheduled dates.

A supplementary letter will be sent to the training department approximately 120 days prior to the examination outlining examination security expectations, listing the materials required by the NRC to conduct the examination, reconfirming the examination dates, and reconfirming the number of candidates you have in the training program. If you have any questions concerning this information, please contact Mary Ann Bies of my staff at 630-829-9711.

Sincerely,

/s/ David E. Hills

David E. Hills, Chief
Operations Branch
