Gentlemen:

Docket 50-305  
Operating License DPR-43  
Kewaunee Nuclear Power Plant  
Plant Industrial Security Manual Appendix B Revision 1

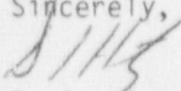

In accordance with the provisions of 10 CFR 50.4(b)(4), enclosed you will find the original and three (3) copies of Appendix B Revision 1 to the Plant Industrial Security Manual. Appendix B describes the temporary security measures employed during the construction of a new Administration and Training Facility (ATF). Attachment 1 to this letter describes the changes being made to Appendix B.

WPSC expects that Appendix B will be effective until the end of December 1987, when this phase of construction will be nearing completion.

WPSC has determined that these changes do not decrease the safeguards effectiveness of the Industrial Security Plan and are therefore submitted under the provisions of 10 CFR 50.54(p).

The attachments to this letter contain Security Safeguards Information as defined by 10 CFR 73.21, and therefore shall not be placed in the public document rooms.

Sincerely,

  
D. C. Hintz  
Vice President - Nuclear Power
