Re: Notification of Closing of Transaction Related to Indirect Transfer of Control

On December 7, 2021, EnergySolutions, LLC (EnergySolutions) submitted to the U.S. Nuclear Regulatory Commission (NRC) an Application for consent to an indirect transfer of control of the above-captioned Licenses. The indirect transfer of control of the Licenses would occur as a result of a Stock Purchase Agreement, dated November 16, 2021, among the principal shareholders of EnergySolutions’ parent company Rockwell Holdco, Inc. (Rockwell) and other investors, including TriArtisan ES Partners LLC (TriArtisan).

As described in the Application, passive investment funds affiliated with TriArtisan would acquire the majority ownership of Rockwell, thereby creating a change in upstream corporate ownership but no change in activities under the NRC Licenses. The NRC approved the Application, as supplemented, for the indirect license transfer by order dated May 3, 2022 (ADAMS Accession No. ML22076A011).

This notice is to inform the Commission that on May 16, 2022, the transaction closed.

Respectfully submitted,
