## P R O C E E D I N G S

CHAIRMAN HANSON: Good morning. Before we begin today's Commission meeting with the Advisory Committee on Reactor Safeguards, I call to order a Commission affirmation session. Madam Secretary, I believe we have two items for the Commission to affirm today. Would you please lead us through?

BROOKE CLARK: Yes. Thank you. The first item is SECY-22-0039 – Florida Power & Light Company (Turkey Point Nuclear Generating Units 3 and 4). The Commission is being asked to act on a Memorandum and Order that provides direction to the parties in this adjudication following the Commission's decision in CLI-22-2. In that decision, the Commission solicited views on the practical effects of two options—leaving in place the subsequently renewed licenses for Turkey Point Nuclear Generating Units 3 and 4 or reinstating the previous licenses.

The Commission has voted to approve a Memorandum and Order that affirms its direction in CLI-22-2 to shorten the expiration dates of the Turkey Point licenses to 2032 and 2033 and terminates this proceeding.

Would you please affirm your votes?

*[ALL RESPOND AT ONCE]*

CHAIRMAN HANSON: Aye.

COMMISSIONER BARAN: Aye.

COMMISSIONER WRIGHT: Aye.

BROOKE CLARK: Thank you. The second item is SECY-22-0040 – Constellation Energy Generation, LLC (formerly known as Exelon Generation Company, LLC) (Peach Bottom Atomic Power Station, Units 2 and 3)

The Commission is being asked to act on a Memorandum and Order that provides direction to the participants following the Commission’s decision in CLI-22-4. In that decision, the Commission solicited views on the practical effects of two options—leaving in place the subsequently renewed licenses for Peach Bottom Atomic Power Station, Units 2 and 3, or reinstating the previous licenses. Additionally, the Memorandum and Order addresses Constellation’s request for reconsideration of the direction to the NRC Staff in CLI-22-4 to amend the expiration dates of the subsequently renewed licenses.

The Commission has voted to approve a Memorandum and Order that denies Constellation’s petition for reconsideration, affirms the Commission’s direction in CLI-22-4 to shorten the expiration dates of the Peach Bottom licenses to 2033 and 2034, and terminates this proceeding.

Would you please affirm your votes?

*[ALL RESPOND AT ONCE]*

CHAIRMAN HANSON: Aye.

COMMISSIONER BARAN: Aye.

COMMISSIONER WRIGHT: Aye.

BROOKE CLARK: Thank you very much. That’s all I have.

CHAIRMAN HANSON: Thank you Madam Secretary. Would any of the members of the Commission like to make comments regarding the decisions just reached?

<PAUSE>

CHAIRMAN HANSON: Thank you for your participation, I will call the affirmation session to a close and now I will open and convene our meeting this morning with the Advisory Committee on Reactor Safeguards.
