¹ The tasks in this table are the items being tracked that are listed in the enclosure to the July 19, 2017, memorandum (Agencywide Documents Access and Management System Accession No. ML17198C141). Some items in the enclosure were grouped together because of the relevance, and 3 items (1d, 2a, 5a) did not require tracking.

² The staff will update procedures, training, and qualifications after all final backfit-related guidance documents are issued. Final Management Directive 8.4, "Management of Backfitting, Forward Fitting, Issue Finality, and Information Requests" was issued on September 20, 2019. NUREG/ BR-0058, "Regulatory Analysis Guidelines of the U.S. Nuclear Regulatory Commission," Revision 5 and NUREG-1409, "Backfitting Guidelines," Revision 1 is currently with the Commission for review and approval.

Item	Task	Due Date	Status
