Joseph M. Farley Nuclear Plant – Units 1 and 2
Update to Supporting Documentation for Farley Regulatory Conference EA-22-101

Ms. Worosilo,

On January 3, 2023, Southern Nuclear Operating Company (SNC) submitted supporting documentation for a Regulatory Conference to address a Greater than Green preliminary significance finding documented in Nuclear Regulatory Commission (NRC) Inspection report 05000348/2022440 and 05000364/2022440 for the Farley Nuclear Plant.

The Enclosure to this letter updates supporting documentation concerning the topic to be discussed at this regulatory conference scheduled for January 10, 2023.

The Enclosure to this letter contains Security-Related information, therefore SNC is requesting it be withheld from public disclosure in accordance with 10 CFR 2.390(d)(1). When separated from the Enclosure, this letter is non-sensitive.

There are no regulatory commitments contained in this letter. If there are any questions or if additional information is required for the Regulatory Conference, please contact me at (205) 992-6468.

Respectfully submitted,

Ryan Joyce
Fleet Licensing Manager
