

July 31, 2023

Title: Meeting to Discuss the Nuclear Regulatory Commission's (NRC) 2022 Annual Assessment of Safety Performance at Wolf Creek Generating Station.

Date(s) and Time(s): August 16, 2023, 06:00 PM to 06:30 PM CT

Location: Burlington City Hall
1013 N 4th Street
Burlington, KS

Category: This is an Information Meeting with a Question and Answer Session. The purpose of this meeting is for the NRC staff to meet directly with individuals to discuss regulatory and technical issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed throughout the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: The NRC will present and be available to discuss its assessment of safety performance at Wolf Creek Generating Station during calendar year 2022, as described in the attached 2022 annual assessment letter. NRC resident inspectors will be available to answer questions about the safety performance of the station and the NRC's role in ensuring safe plant operations.

Participants: NRC
Region IV

Docket No: 05000482

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please contact Anne Silk, NRC Reasonable Accommodations Coordinator, at Anne.Silk@nrc.gov or call directly at 301-287-0745. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. Ten (10) days' advance notice is requested to try to ensure availability; however, every effort will be made to address a request for reasonable accommodations with less notice.
